## **Independent Auditors' Review Report**

To the Board of Directors of Raydium Semiconductor Corporation:

### **Introduction**

We have reviewed the accompanying consolidated balance sheets of Raydium Semiconductor Corporation and its subsidiaries as of September 30, 2025 and 2024, and the related consolidated statements of comprehensive income for the three months and nine months ended September 30, 2025 and 2024, as well as the changes in equity and cash flows for the nine months ended September 30, 2025 and 2024, and notes to the consolidated financial statements, including a summary of significant accounting policies. Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China. Our responsibility is to express a conclusion on the consolidated financial statements based on our reviews.

### **Scope of Review**

We conducted our reviews in accordance with the Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" of the Republic of China. A review of the consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the Standards on Auditing of the Republic of China and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### **Conclusion**

Based on our reviews, nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of Raydium Semiconductor Corporation and its subsidiaries as of September 30, 2025 and 2024, and of its consolidated financial performance for the three months and nine months ended September 30, 2025 and 2024, as well as its consolidated cash flows for the nine months ended September 30, 2025 and 2024 in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

The engagement partners on the reviews resulting in this independent auditors' review report are An-Chih Cheng and Chun-Yuan Wu.

**Notes to Readers**

The accompanying consolidated financial statements are intended only to present the consolidated statement of financial position, financial performance and cash flows in accordance with the accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to review such consolidated financial statements are those generally accepted and applied in the Republic of China.

The independent auditors' report and the accompanying consolidated financial statements are the English translation of the Chinese version prepared and used in the Republic of China. If there is any conflict between, or any difference in the interpretation of the English and Chinese language independent auditors' report and consolidated financial statements, the Chinese version shall prevail.

(English Translation of Consolidated Financial Statements Originally Issued in Chinese)

**Raydium Semiconductor Corporation and Subsidiaries**

**Notes to the Consolidated Financial Statements**

**For the nine months ended September 30, 2025 and 2024**

**(Expressed in Thousands of New Taiwan Dollars, unless otherwise indicated)**

**1. Company history:**

Raydium Semiconductor Corporation (the “Company”) was organized and approved under the Company Act of the Republic of China (ROC) on October 23, 2003. The Company was formally relocated to Hsinchu Science and Industry Park on January 29, 2007 after being approved by Hsinchu Science Park Bureau on December 12, 2006. Its current registered address is 2F, No.23, Li Hsin Rd., Hsinchu Science Park, Hsinchu City 300, Taiwan, ROC. The Company merged with Dazzo Technology Corporation (hereinafter referred to as Dazzo) on April 1, 2019 (the merger date). Thereafter, the Company became the sole surviving entity. The principal activities of the Company and its subsidiaries (hereinafter referred to as the Group) are the development, design and sale of display driver, sequential control and power management integrated circuit products.

The Company's shares were listed on Taiwan Stock Exchange on January 7, 2022.

**2. Date and procedures of authorization of financial statements for issue:**

The consolidated financial statements for the nine months ended September 30, 2025 and 2024 were authorized for issuance by the Board of Directors on November 4, 2025

**3. Application of Newly Issued or Revised Standards and Interpretations:**

- (1) The impact of the International Financial Reporting Standards (“IFRS Accounting Standards”) endorsed by the Financial Supervisory Commission, R.O.C. (the “FSC”) which have already been adopted.

The Group has initially adopted the following new amendments, which do not have a significant impact on its consolidated financial statements, from January 1, 2025:

- Amendments to IAS 21 “Lack of Exchangeability”
- Amendments to IFRS 9 and IFRS 7 “ Amendments to the Classification and Measurement of Financial Instruments” regarding the application guidance requirements for Section 4.1 of IFRS 9 and the related disclosure requirements of IFRS 7

- (2) The impact of IFRS Accounting Standards endorsed by the FSC but not yet effective

The Group assesses that the adoption of the following new amendments, effective for annual period beginning on January 1, 2026, would not have a significant impact on its consolidated financial statements:

- IFRS 17 “Insurance Contracts” and amendments to IFRS 17 “Insurance Contracts”
- Amendments to IFRS 9 and IFRS 7 “ Amendments to the Classification and Measurement of Financial Instruments”

**Raydium Semiconductor Corporation and Subsidiaries**  
**Notes to the Consolidated Financial Statements**

- Annual Improvements to IFRS Accounting Standards—Volume 11
  - Amendments to IFRS 9 and IFRS 7 “Contracts Referencing Nature-dependent Electricity”
- (3) The impact of IFRS Accounting Standards issued by the International Accounting Standards Board (the “IASB”) but not yet endorsed by the FSC

The following new and amended standards, which may be relevant to the Group, have been issued by the IASB, but have yet to be endorsed by the FSC:

<b>Standards or Interpretations</b>	<b>Content of amendment</b>	<b>Effective date per IASB</b>
IFRS 18 “Presentation and Disclosure in Financial Statements”	<p>The new standard introduces three categories of income and expenses, two income statement subtotals and one single note on management performance measures. The three amendments, combined with enhanced guidance on how to disaggregate information, set the stage for better and more consistent information for users, and will affect all the entities.</p> <ul style="list-style-type: none"> <li>● A more structured income statement: under current standards, companies use different formats to present their results, making it difficult for investors to compare financial performance across companies. The new standard promotes a more structured income statement, introducing a newly defined ‘operating profit’ subtotal and a requirement for all income and expenses to be allocated between three new distinct categories based on a company’s main business activities.</li> <li>● Management performance measures (MPMs): the new standard introduces a definition for management performance measures, and requires companies to explain in a single note to the financial statements why the measure provides useful information, how it is calculated and reconcile it to an amount determined under IFRS Accounting Standards.</li> </ul>	January 1, 2027 note: On September 25, 2025, the FSC issued a press release announcing that Taiwan will adopt IFRS 18 starting from the fiscal year 2028. Entities that need to adopt the new standard earlier may do so after the FSC has endorsed the standard.

**Raydium Semiconductor Corporation and Subsidiaries**  
**Notes to the Consolidated Financial Statements**

<u>Standards or Interpretations</u>	<u>Content of amendment</u>	<u>Effective date per IASB</u>
IFRS 18 “Presentation and Disclosure in Financial Statements”	<ul style="list-style-type: none"> <li>Greater disaggregation of information: the new standard includes enhanced guidance on how companies group information in the financial statements. This includes guidance on whether information is included in the primary financial statements or is further disaggregated in the notes.</li> </ul>	

The Group is evaluating the impact on its consolidated financial position and consolidated financial performance upon the initial adoption of the abovementioned standards or interpretations. The results thereof will be disclosed when the Group completes its evaluation.

The Group does not expect the following other new and amended standards, which have yet to be endorsed by the FSC, to have a significant impact on its consolidated financial statements:

- Amendments to IFRS 10 and IAS 28 “Sale or Contribution of Assets Between an Investor and Its Associate or Joint Venture”
- IFRS 19 “Subsidiaries without Public Accountability: Disclosures” and amendments to IFRS 19 “Subsidiaries without Public Accountability: Disclosures”

**4. Summary of material accounting policies:**

The material accounting policies presented in the consolidated financial statements are summarized below. The following accounting policies were applied consistently throughout the periods presented in the consolidated financial statements.

(1) Statement of compliance

The consolidated financial statements have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers (hereinafter referred to as “the Regulations”) and IAS 34 “Interim Financial Reporting” which are endorsed and issued into effect by the Financial Supervisory Commission (hereinafter referred to as FSC). The consolidated financial statements do not include all of the information required by the Regulations and International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations and SIC Interpretations endorsed and issued into effect by the FSC (altogether referred to “IFRS Accounting Standards” endorsed by the FSC) for a complete set of the annual consolidated financial statements.

Except as described below, the material accounting policies adopted in the consolidated financial statements are consistent with those applied in the consolidated financial statement for the year ended December 31, 2024. For the related information, please refer to note 4 of the consolidated financial statements for the year ended December 31, 2024.

**Raydium Semiconductor Corporation and Subsidiaries**  
**Notes to the Consolidated Financial Statements**

(2) Basis of consolidation

The principle of preparation of the consolidated financial statements is consistent with those of the consolidated financial statements for the year ended December 31, 2024. For related information, please refer to note 4(3) of the consolidated financial statements for the year ended December 31, 2024.

A. List of subsidiaries in the consolidated financial statements

The list of subsidiaries are included in the consolidated financial statements :

Name of investor	Name of subsidiary	Principal activity	Percentage of ownership			Description
			September 30, 2025	December 31, 2024	September 30, 2024	
the Company	Raydium Semiconductor (SAMOA) Corp. (RSA)	Investment holding company	100.00 %	100.00 %	100.00 %	
RSA	Raydium Semiconductor (Kunshan) Co., Ltd (RKS)	Development, design and sale of the IC	100.00 %	100.00 %	100.00 %	
RSA&RKS	Raydium Semiconductor (Hefei) Co., Ltd (RHF)	Development, design and sale of the IC	100.00 %	- %	- %	Note 1

Note 1: RHF was jointly established by RSA and RKS through a joint investment in March 2025.

B. List of subsidiaries which are not included in the consolidated financial statements: None.

(3) Employee benefits

Pension cost for an interim period is calculated on a year-to-date basis by using the actuarially determined pension cost rate at the reporting date of the prior fiscal year, adjusted for significant market fluctuations since that time and for significant curtailments, settlements, or other significant one-off events.

(4) Income taxes

The income tax expenses have been prepared and disclosed in accordance with paragraph B12 of IAS 34 "Interim Financial Reporting".

Income tax expense for the period is best estimated by multiplying pretax income for the reporting period by the effective annual tax rate as forecasted by the management. This is recognized fully as income tax expense for the current period.

Income taxes that are recognized directly in equity or other comprehensive income are measured in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding tax bases at the tax rates that are expected to be applied in the year in which the asset is realized or the liability is settled.

**Raydium Semiconductor Corporation and Subsidiaries**  
**Notes to the Consolidated Financial Statements**

**5. Significant accounting judgments, and major sources of estimation and assumptions uncertainty:**

The preparation of the consolidated financial statements in conformity with the Regulations and IAS 34 “Interim Financial Reporting” endorsed by the FSC requires management to make judgments, and estimates about the future, including climate-related risks and opportunities, that affect the application of the accounting policies and the reported amount of assets, liabilities, income and expenses. Actual results may differ from these estimates.

In preparing the consolidated financial statements, critical accounting judgments and key sources of estimations and assumptions uncertainty used by management in the application of accounting policies are consistent with those described in Note 5 of the consolidated financial statements for the year ended December 31, 2024.

**6. Explanation of significant accounts:**

(1) Cash and cash equivalents

	<u>September 30, 2025</u>	<u>December 31, 2024</u>	<u>September 30, 2024</u>

Held-for-trading financial liabilities			
Forward foreign exchange contracts	\$ <u>1,432</u>	<u>-</u>	<u>-</u>

The Group uses derivative financial instruments to hedge certain foreign exchange risks arising from its operating activities. The following derivative instruments, without the application of hedge accounting were recognized as held-for-trading financial liabilities:

	<u>September 30, 2025</u>		
	<u>Notional principal (thousand)</u>	<u>Currency</u>	<u>Maturity period</u>
Forward foreign exchange contracts	USD 6,700	USD to TWD	October, 2025

**Raydium Semiconductor Corporation and Subsidiaries**  
**Notes to the Consolidated Financial Statements**

(3) Accounts receivable, net (including related parties)

	<u>September 30, 2025</u>	<u>December 31, 2024</u>	<u>September 30, 2024</u>
Accounts receivable—measured at amortized cost	\$ 3,607,678	3,698,369	3,460,853
Accounts receivable measured at fair value through other comprehensive income	362,711	96,563	339,741
Less: loss allowance	<u>(103,319)</u>	<u>(130,522)</u>	<u>(89,062)</u>
	<u><u>\$ 3,867,070</u></u>	<u><u>3,664,410</u></u>	<u><u>3,711,532</u></u>

The Group has assessed a portion of its accounts receivable that was held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; therefore, such accounts receivable were measured at fair value through other comprehensive income.

The Group uses a simplified approach to provide for its expected credit losses, i.e. the use of lifetime expected loss provision for all receivable. To measure the expected credit losses, accounts receivable have been grouped based on shared credit risk characteristics and the days past due, as well as the incorporated forward-looking information.

The accounts receivable from related parties having significant impact over the Group and other individuals amounted to \$1,566,821 thousand, \$1,687,547 thousand and \$1,752,980 thousand as of September 30, 2025, December 31, 2024 and September 30, 2024, respectively. The days past due is less than 100 days, so there is no expected credit loss for the duration of the related party's accounts receivable.

The loss allowance provision of customers with relatively low credit risk was determined as follows:

	<u>September 30, 2025</u>		
	<u>Carrying amounts of accounts receivable</u>	<u>Weighted- average loss rate</u>	<u>Loss allowance for life time expected credit losses</u>
Not past due	\$ 900,442	0%	-
Past due less than 30 days	<u>79,410</u>	0%	-

**Raydium Semiconductor Corporation and Subsidiaries**  
**Notes to the Consolidated Financial Statements**

The movement in the allowance for accounts receivable was as follows:

	<b>For the nine months ended</b>	
	<b>September 30,</b>	
	<b>2025</b>	<b>2024</b>
Beginning balance	\$ 130,522	60,695
Impairment loss (reversed) recognized	(27,203)	28,367
Ending balance	<b>\$ 103,319</b>	<b>89,062</b>

The Group entered into an agreement with banks to factor certain of its accounts receivable. According to the agreement, within the factoring line, the Group does not have to ensure the ability of debtors to pay when transferring the rights and obligations. As of September 30, 2025, December 31, 2024 and September 30, 2024, the Group reclassified accounts receivable that met the derecognition terms to other receivables (recorded in other financial asset—current) as follows:

(In Thousands of New Taiwan Dollars)

<b>September 30, 2025</b>						
<b>Buyer</b>	<b>Factoring quota</b>	<b>Derecognition amount</b>	<b>Advanced Amount</b>	<b>Service fees</b>	<b>Transfer terms</b>	<b>Guaranteed promissory notes</b>

<b>September 30, 2024</b>						
<b>Buyer</b>	<b>Factoring quota</b>	<b>Derecognition amount</b>	<b>Advanced Amount</b>	<b>Service fees</b>	<b>Transfer terms</b>	<b>Guaranteed promissory notes</b>
Taipei Fubon Bank	USD 151,500	USD 70,153	-	0.22%	Notes 1 to 3	None

Note 1: The above-mentioned amounts have been reclassified to other receivables. The terms of the transaction relating to factoring are based on the factoring consent for buyer. Such transaction should be factoring without recourse.

Note 2: Within the factoring quota, if the original debtor is unable to pay or may be unable to pay due to financial difficulties, the risk of non-payment will be borne by the purchasing agency, not the Group. The original debtor's credit risk will be borne by the purchasing agency and the credit risk described above is the uncollectable debt risk due to default by the original debtor without reasonable cause.

Note 3: The Group informed the original debtor pursuant to accounts receivable to make payment directly to the Group's restricted account with the purchasing bank.

**Raydium Semiconductor Corporation and Subsidiaries**  
**Notes to the Consolidated Financial Statements**

As of September 30, 2025, December 31, 2024 and September 30, 2024, total outstanding receivables after the above transactions, net of fees charged by purchasing bank, of \$1,732,444 thousand, \$2,088,796 thousand and \$2,220,424 thousand were recognized as other current financial assets; please refer to note 6(8).

As of September 30, 2025, December 31, 2024 and September 30, 2024, the Group's unused factoring quota amounted to \$2,152,353 thousand, \$2,867,829 thousand and \$2,574,702 thousand, respectively.

C. Retained earnings

If the Company makes a profit in a fiscal year, the profit shall be first utilized for paying taxes, offsetting losses of previous years, and setting aside 10% of the remaining profit as legal reserve, unless the amount in the legal reserve is already equal to or greater than the total paid in capital. Thereafter, the amount shall be set aside or reversed as special reserve in accordance with related laws, regulations, or provisions of the competent authorities. Then, any remaining profit, together with any undistributed retained earnings, shall be distributed according to the distribution plan proposed by the Board of Directors. The distribution of dividends and bonuses, in whole or in part, by issuing new shares, shall be resolved during the shareholders' general meeting. As for the cash payment, it shall be approved by the Board of Directors and be reported in the shareholders' general meeting.

The Company's dividend policy is to pay dividends from surplus considering factors such as the Company's current and future investment environment, cash requirements, domestic and overseas competitive conditions and capital budget requirements, while taking into account shareholders' interest, maintenance of balanced dividend and the Company's long-term financial plan. An annual dividend of not less than 10% of the distributable earnings shall be allocated to shareholders, and the cash portion of the dividend, if any, shall not be less than 10% of the total dividends (cash and stock) distributed during the year.

**Raydium Semiconductor Corporation and Subsidiaries**  
**Notes to the Consolidated Financial Statements**

(20) Remuneration to employees and directors

On May 28, 2025, the Company resolved at the shareholders' meeting to amend its Articles of Incorporation. According to the amended Articles, if the Company has profit in a given fiscal year (defined as income before tax excluding the employee and director remuneration), no less than 1% of the profit shall be allocated as employee remuneration, and no more than 1% as director remuneration. The aforementioned employee remuneration, shall be allocated no less than 1% to those base-level employees. However, if the Company had accumulated deficits, including unappropriated retained earnings adjustment, the Company should reserve an amount in advance to offset such losses.

The aforementioned shall be resolved by the board of directors and reported to the shareholders' meeting.

Prior to the amendment, the Articles of Association stipulated that if the Company recognized a profit for the fiscal year (defined as income before tax excluding the employee and director remuneration), no less than 1% of the profit shall be allocated as employee remuneration, and no more than 1% for director remuneration. However, if the Company had accumulated deficits, including unappropriated retained earnings adjustment, the Company should reserve an amount in advance to offset such losses.

The aforementioned shall be resolved by the board of directors and reported to the shareholders' meeting.

**Raydium Semiconductor Corporation and Subsidiaries**  
**Notes to the Consolidated Financial Statements**

Employees, including those belonging to affiliate companies that meet certain conditions, are entitled to the abovementioned remuneration, which to be distributed in stock or cash, employee stock option certificates, restricted employee shares, treasury stock purchased and transferred to employees, as well as employee stocks when issuing new shares. The said conditions and distribution method are decided by Board of Directors or the personnel authorized by Board of Directors.

For the three months and the nine months ended September 30, 2025 and 2024, the amounts of remuneration to employees were estimated at \$70,794 thousand, \$110,023 thousand, \$211,540 thousand and \$342,543 thousand, respectively; and those to the directors were estimated at \$3,280 thousand, \$5,098 thousand, \$9,801 thousand and \$15,871 thousand, respectively. The estimation basis shall be calculated as the amounts of net income before tax, excluding the remuneration to employees and directors, multiplied by the percentage remuneration to employees and directors, as specified in the Company's articles of incorporation. These remuneration were expensed under operating costs or expenses for the nine months ended September 30, 2025 and 2024. If there are changes in the proposed amounts after the annual consolidated financial statements have been authorized for issuance, the differences are accounted for as changes in accounting estimates and adjusted prospectively in profit or loss in the following year. However, if the Board of Directors resolved that the employee remuneration is to be paid in the form of stocks, the closing price of the ordinary share on the day before the Board of Director's Meeting will be used to calculate the number of stock shares.

The Board of Directors of the Company has resolved to distribute employee remuneration and director remuneration in cash as follows:

	<b>For the nine months ended</b>	
	<b>September 30,</b>	
	<u>2024</u>	<u>2023</u>
Board resolution date	February 25, 2025	February 26, 2024
Employee remuneration	\$ <u>424,658</u>	\$ <u>270,959</u>
Director remuneration	\$ <u>18,943</u>	\$ <u>12,747</u>

There were no difference between the aforementioned approved amounts and the amounts charged against earnings of 2024 and 2023, respectively. Related information is available on the Market Observation Post System website of the Taiwan Stock Exchange.

(21) Financial instruments

Except as described below, there is no significant change in the fair value of the Group's financial instruments and the Group's exposure to credit risk, liquidity risk and market risk due to financial instruments. For relevant information, please refer to Note 6(21) of the consolidated financial statements for the year ended December 31, 2024.

**Raydium Semiconductor Corporation and Subsidiaries**  
**Notes to the Consolidated Financial Statements**

A. Credit risk

(a) Credit risk exposure

The carrying amount of financial assets represent the maximum amounts exposed to credit risk.

(b) Credit risk concentration

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations. As of the financial reporting date, the maximum credit risk exposure of the Group due to non-performance of the counterparty mainly derived from the carrying amount of the financial assets recognized in the balance sheet of the Group.

The Group's potential credit risk is derived primarily from cash and cash equivalents and accounts receivable. The cash is deposited in different financial institutions. The Group manages the credit risk exposure with each of these financial institutions and believes that cash and cash equivalents do not have a significant credit risk concentration.

In addition to granting credit facilities to customers in accordance with the credit procedures, the Group will require insurance for accounts receivable from certain customer groups in order to reducing the credit risk of accounts receivable, and use historical trading experience to continuously assess the financial condition, credit condition and current economic environment of the customers.

As of September 30, 2025, December 31, 2024 and September 30, 2024, the Group's five largest customers accounted for approximately 43%, 52% and 48% of the balance of accounts receivable (including related parties), respectively. After an assessment has been made on the lifetime expected credit losses of the accounts receivable, the management expects no significant losses in the future.

(c) Credit risk of receivables

For credit risk exposure on accounts receivable, please refer to note 6(3).

Other financial assets at amortized cost include other receivables, guarantee deposit and restricted bank deposits.

All of financial assets excluding the abovementioned accounts receivable are considered to be low risk, and thus, the impairment provision recognized during the period was limited to 12 months expected losses (Please refer to note 4(7) of the consolidated financial statements for the year ended December 31, 2024 for further details on how the Group determines whether credit risk is to be low risk).

The Group's financial assets and liabilities exposed to foreign currency risk were as follows:

	<u>Foreign currency</u>	<u>Exchange rate</u>	<u>TWD</u>	<u>Foreign currency</u>	<u>Exchange rate</u>	<u>TWD</u>	<u>Foreign currency</u>	<u>Exchange rate</u>	<u>TWD</u>

(b) Sensitivity analysis

The Group's exposure to foreign currency risk arises mainly from the translation of the foreign currency exchange gains and losses on cash and cash equivalents, accounts receivable, other receivable, other financial assets, short-term borrowings, accounts payable and guarantee deposits received, that are denominated in foreign currency. A strengthening (weakening) of 1% of the NTD against the USD and JPY as of September 30, 2025 and September 30, 2024, assuming that all other variables remain constant, would have increased or decreased the profit after tax by \$9,879 thousand and \$18,827 thousand, respectively.

**Raydium Semiconductor Corporation and Subsidiaries**  
**Notes to the Consolidated Financial Statements**

(c) Foreign exchange gains (losses) on monetary items

As the Group deals with diverse foreign currencies, gains and losses on foreign exchange were summarized as a single amount. The aggregate of realized and unrealized foreign exchange gains (losses) for the three months and the nine months ended September 30, 2025 and 2024 were \$18,973 thousand, \$(42,147) thousand, \$(180,704) thousand and \$37,639 thousand, respectively.

D. Interest rate analysis

An increase or decrease of 0.25% in interest rates, mainly from cash and cash equivalents, restricted time deposits and short-term borrowings, with floating interest rates at the reporting date, assuming all other variables remain constant, would have increased or decreased net income by \$1,846 thousand and \$3,328 thousand for the nine months ended September 30, 2025 and 2024, respectively.

E. Other market price risk

The impact of the changes in equity price on other comprehensive income was as follows, assuming the analysis use the same basis for both years, with other factors remaining constant:

	<b>For the nine months ended September 30,</b>	
	<b>2025</b>	<b>2024</b>

(b) Fair value valuation technique of financial instruments measured at fair value

(i) Non-derivative financial instruments

The listed shares and beneficiary certificates held by the Group are measured at fair value according to standard provision and conditions, and are traded in active markets, the fair value is measured using the quoted price in an active market. In addition to the above mentioned financial assets with active market transactions, the fair value of unlisted shares held by the Group is estimated using the market comparable company method, which is measured by price-book ratio of the peers.

(ii) Derivative financial instruments

Forward foreign exchange contracts are measured based on the current forward exchange rate.

(c) There was no transfer between the different levels of fair value hierarchy for the nine months ended September 30, 2025 and 2024.

(d) Quantified information for significant unobservable inputs used in fair value measurement (Level 3).

The Group's financial instruments measured at fair value which are categorized within Level 3 include financial assets at FVTPL – venture capital funds and financial assets at FVOCI – equity investments.

The Group's financial instruments classified as Level 3 fair value are measured using only a single significant unobservable input. Only equity investments without an active market involve multiple significant unobservable inputs. The significant unobservable inputs of equity investments without an active market are individually independent, and there is no correlation between them.

**Raydium Semiconductor Corporation and Subsidiaries**  
**Notes to the Consolidated Financial Statements**

Quantified information regarding significant unobservable inputs are as follows:

<u>Item</u>	<u>Valuation technique</u>	<u>Significant unobservable inputs</u>	<u>Inter-relationship between significant unobservable inputs and fair value measurement</u>
Financial assets at FVTPL – venture capital funds	Asset approach	<ul style="list-style-type: none"> <li>• Lack of market liquidity</li> </ul>	<ul style="list-style-type: none"> <li>• The higher the level of lacking liquidity, the lower the estimate of fair value</li> </ul>
Financial assets at FVOCI – equity investments without an active market	Market approach (comparable with price-book ratio of the peers)	<ul style="list-style-type: none"> <li>• P/B ratio multiplier (1.35~7.20, 1.37~7.94 and 1.65~4.15 as of September 30, 2025, December 31, 2024 and September 30, 2024, respectively)</li> <li>• Discount for lack of market liquidity ( 30%~60% as of September 30, 2025, December 31, 2024 and September 30, 2024)</li> </ul>	<ul style="list-style-type: none"> <li>• The higher the P/B ratio, the higher the fair value</li> <li>• The higher the market liquidity discount rate, the lower the fair value</li> </ul>

(e) Reconciliation for fair value measurements categorized within level 3:

	<b>Financial assets at FVTPL – venture capital funds</b>

(22) Financial risk management

Market price risk of interest rate movements: All of the Group's assets and liabilities bear floating interest rates, and thus suffer from cash flow interest rate risk exposure.

The goals and policies of the Group's financial risk management were not materially different from those disclosed in note 6(22) of the consolidated financial statements for the year ended December 31, 2024.

(23) Capital management

The objectives, policies and procedures of the Group's capital management have been applied consistently with those described in the consolidated financial statements for the year ended December 31, 2024. Also, there was no significant change in the Group's capital management information as disclosed for the year ended December 31, 2024. Refer to Note 6(23) of the consolidated financial statements for the year ended December 31, 2024 for the relevant information.
